

THANGAVELU PALANIYAPPAN

Senior Cloud Infrastructure & Cybersecurity Engineer

Coimbatore, Tamil Nadu, India | thangaveluofficials@gmail.com | +91 80156 97842
LinkedIn: [linkedin.com/in/thangavelu-palaniyappan-324906b5](https://www.linkedin.com/in/thangavelu-palaniyappan-324906b5)

PROFESSIONAL SUMMARY

Results-driven Senior Cloud Infrastructure & Cybersecurity Engineer with **10 years of experience** across cloud infrastructure, enterprise IT operations and cybersecurity. Hands-on expertise across Microsoft Azure, enterprise networking, firewall and security operations, Microsoft 365 administration, Microsoft Entra ID, endpoint management, infrastructure automation, monitoring and troubleshooting. Recognized for technical leadership, cybersecurity enablement, public speaking and knowledge sharing.

CORE COMPETENCIES

Cloud Infrastructure	Microsoft Azure, Azure VMs, VNet, NSG, App Services, cloud operations
Identity & Microsoft Cloud	Microsoft 365 Administration, Microsoft Entra ID, Exchange Online
Network & Security	Fortinet, SonicWall, L2/L3 switching, routing, firewall administration
Cybersecurity	Vulnerability assessment, penetration testing, ethical hacking, threat mitigation
DevOps & Automation	CI/CD, Infrastructure as Code, monitoring, logging and operational automation
Infrastructure Operations	Windows infrastructure, endpoint management, backup, patching and resilience
Leadership & Enablement	Technical training, cybersecurity awareness, mentoring and public speaking

PROFESSIONAL EXPERIENCE

IT Infrastructure Engineer

Nallas Technologies, Coimbatore | 2021 – Present

- Architected and deployed cloud infrastructure using Microsoft Azure, supporting secure and reliable enterprise workloads.
- Configured and managed Fortinet/SonicWall firewall environments and security controls, with emphasis on threat prevention and operational continuity.
- Implemented structured enterprise networking using VLANs, routers and switches, supporting stable infrastructure operations.
- Administered Microsoft Entra ID (Azure AD) and Microsoft 365 tenant configurations, including identity and access administration.
- Supported infrastructure monitoring, troubleshooting, patching, backup/recovery and operational resilience across enterprise environments.
- Contributed to technology enablement through technical sessions, cybersecurity awareness and knowledge sharing.

Cyber Security Engineer

Amdocs | 2019 – 2021

- Automated firewall rule sets and enterprise security configurations to improve consistency and operational efficiency.
- Delivered cloud and infrastructure security support for telecom-oriented enterprise environments.
- Conducted server hardening and compliance reviews across hybrid infrastructure.

Cybersecurity Consultant

Kit-Infonest Technologies | 2016 – 2019

- Performed vulnerability assessments and penetration testing using Nessus and ethical-hacking techniques.
- Implemented secure web and application hosting environments.
- Delivered cybersecurity training and awareness programs for institutions.

TECHNOLOGY FOCUS

Microsoft: Azure • Microsoft 365 • Entra ID • Exchange Online • SharePoint • OneDrive • Intune • SCCM/Endpoint Management

Infrastructure: Enterprise IT Operations • Windows • Cloud Infrastructure • Security • Automation • Service Management

Emerging Areas: Cloud Modernization • AI-enabled IT Operations • Infrastructure Optimization

EDUCATION & CERTIFICATIONS

- MBA – Anna University, 2019
- B.E. Computer Science & Engineering – Anna University, 2016
- Certified Ethical Hacker (CEH) – HackUp Technology

RECOGNITION & LEADERSHIP

- Best Cyber Socialist – National Cyber Security Forum

- Best Technical Trainer – Visaithalam Academy
- Recognized Research Scholar – NCDRC
- Keynote Speaker – National Cybersecurity Seminars

TECHNICAL TRAINING & KNOWLEDGE SHARING

Conducted cybersecurity, cloud, AI and emerging-technology sessions, workshops and technical enablement programs for students and professionals, with a strong focus on practical industry knowledge.
